Care Sheet Dwarf Yaupon Holly - Ilex vomitoria nana

Origin: Florida

General info

Evergreen shrub will tolerate short term freezing. Best outdoors in spring thru fall. Indoor requires good light to remain tight. In lower light leaves will be bigger

Over Wintering

Indoor half day sun with night time temperature of 45-50F

Lighting

Indoor half day sun, outdoor partial shade

Watering

Keep moist when in active growth. Let soil dry on surface between watering in winter. When you water make sure you completely wet all the soil in the pot every time you water. Don't pour in a little water every day.

Feeding

Spring thru fall. You can use house plant or nursery fertilizers. Follow the label for rates and application times.

Training

Pruning to keep center of plant open for light to enter. Wire as desire

Repotting

Spring before new growth starts
